Just Play: Book 3 Last Play Romance Series (A Bachelor Billionaire Companion) (The Last Play Series)

Synopsis

Enjoy this sweet romance by Taylor Hart. After leading the Destroyers through their worst season in football history, Sam Dumont gets traded to the Miami Surfs, and to top it all off, his estranged father has a heart attack. Now he's doing the last thing he ever thought he would do "going to Wolfe Creek, Utah. Maybe he knows he really does owe Roman Young a long overdue apology, but honestly, he's mostly going because his shrink suggested it could help him get rid of the tiny panic attack problem he's been having. Instead of a simple in and out apology, he ends up with a fat lip, a baby shoved into his arms, and a bossy blond. As if that's not enough of a shock, he finds himself ensnared by her voice and the country music she loves. When Sam is given an opportunity to get back the only woman who's ever walked away, he has to make a choice "lose everything he's worked for or Just Play. All of the Last Play Stories are stand alone books. If you want them in order, they would go like this: Last Play, The Rookie, Just Play, A Player for Christmas, Second String. There is cross over with the characters in this romance series and in Almost Everything (Part of the Destination Billionaire Romances) and in The Unfinished Groom (Part of the Bachelor Billionaire Romances).

Customer Reviews

OK, a comment on all 3 Last Play books. All were well written with captivating characters, but each was marketed with a football theme that was weakly followed up on. In fact it wasn't until the third book that a football game was really dealt with in a book at all. I like Christian book, romantic suspense is fine, but I felt a little cheated that a book portrayed as sports romantic had so little sport in it. That said the books were still good, worth the read.

I have read the three books of this series in rapid succession. I enjoyed them all equally. I would recommend to others to read them with a little time between so the similarities between the stories don't stand out so much. I still loved all three.

I think this was my favorite book of the Last Play Series--so far. I loved seeing old characters come onto the field once again. It was like greeting old friends--friends who are totally hot and play football and hold babies. :) Ms. Hart has the ability to take a completely messed up guy, like Dumont, and make us root for him. Did he do some horrible things? Yes. Is it possible to lose your way and find it again? Sure. But it doesn't come easy and building love in the middle of a personal crisis makes for a compelling story that had me flipping pages (figuratively as I had a digital copy) late into the night.

My favorite of the trilogy! Don't get me wrong, I loved Roman and Katie (Bonus: We get to see some of their HEA too!), but I also loved how Taylor Hart took someone we should hate for hurting the hero of the first book in the trilogy and made us fall in love with him. I know I've had moments where I made hard choices and wasn't always sure they were right. Seeing Sam work through those and become a better man was not only engrossing, it was relatable. Watching him fall in love with the baby was also adorable, funny, and sometimes sticky and messy. Another great story exploring not only romance, but the way we have to work through our own issues in order to be in a healthy and successful relationship! Looking forward to future books :)

And now reading the third book of the most amazingly fun series. After meeting ex Destroyer Football player, Sam Dumont, who suddenly decided to leave the team for good after having such a terrible year playing. Leaving in a cab, the same way the other team mates did, Roman Young who left to move to a better life for himself. After meeting Roman once again he kindly respected him for

his choice. Sam had a past with many worries and so much disappointment in his life. He needed a break in his life now. When Roman's son hurt his head Sam was asked to care for his young daughter, Maddy. After this I just knew I'd love this beautiful book. Another such memorable romance it was!!* I recommend this book to everyone!!

Forgiveness seems to be the theme in this, Taylor Hart's latest novel. This is the second book in the football series and, although some of the same characters make an appearance in this book, linking the two novels, this can be read as a stand-alone novel. This is very well written. The pacing is perfect and the relationships grow at a steady pace, making it believable and enjoyable to read. I recommend it.

I've enjoyed this series as the characters are likable. This book has a number of typos that make it less enjoyable. A decent editor would fix them. Also, the football scene at the end of the story was not realistic (e.g. a starting quarterback would not play the 4th quarter of a pre-season game).

I loved this book! It comes out at a great time of year too - football season! The characters were fun - and had some hilarious moments that I really enjoyed. Perhaps the thing I like best about Taylor Hart's books is that they're CLEAN. I would not hesitate to recommend them to my teenage or young adult daughter, or you! If you'd like a fun, full of surprises read, this is the book for you!
