When Water Burns (The Telesa Series Book 3)

Synopsis

“Maybe you’re not meant to manipulate fire the way I do. Maybe sparks are all you’re ever going to make.” • He snarled, “Or maybe you just need to be a better teacher and give me more.” • Before I could reply, he grabbed my hand, twisted and pulled me into a restraining lock. Body pressed against my back, he held me in a chokehold. I struggled. Kicked. Fought. Pain knifed me as I tried to free myself. He spoke and his breath was hot in my ear. “Now, fire goddess let’s see if I can make more than sparks.” • Rising panic choked me, with it came rage. And with rage, came fire. Keahi felt it. He laughed as I strained against him. As together we both burst into flame... With Nafanua and the Covenant Sisterhood out of the way, Leila and Daniel are finally able to love without fear of retribution. Or are they? As a malicious telesa plots her revenge, a mysterious stranger arrives on the island. Fuelled by hate and running from a fiery past, he looks to Leila for answers and she must fight to contain the fury of fanua-afi while trying to protect all those she loves. It seems that this is a battle she must wage alone, for Daniel’s ocean birthright cannot be denied and he refuses to walk beside her. Are Leila and Daniel destined to be forever divided by the elements? When it comes to Water and Fire, daughter of earth and son of the ocean “who will endure? When water burns? This is the second book in the Telesa Trilogy and follows on from book one, ‘Telesa: The Covenant Keeper.’

Customer Reviews

I really really liked book 1 but I must say that I LOVE book 2 - When Water Burns!! Lani did not disappoint at all and I don't even know where to begin! The opening I thought was kinda dark but it prepared us for the new character Keahi and it also brought to light the domestic/sexual abuse that we all know happens but most are afraid to speak on it. When he wasn't getting on my nerves, he was very helpful with the women and children at the Center because not to long ago he and his twin were in the same situation which was very sad. I thought he at least redeemed himself in the end..well sorta. But enough of him because I am Team Daniel all the way!;)Thank you Lani for letting Simone play a bigger role in this book. He freakin' cracked me up the whole time, lol! The way you described his designs for fashion week sounded sooo cool and I almost wished pictures of it were provided in the book. As soon as you introduced Teuila, right off the bat she reminded me of an angry Leila who just arrived to Samoa. She's had to endure a lot at her young age and I applaud her strength & courage in this book. I look forward to her character evolving in the next book.When Daniel & Leila took a break, at first I was kinda like what the heck! But at the same time I knew Leila definitely needed it because even though "she thought" should could take on everything and anything by herself. The break was a humbling experience for her and it made Operation Reignite Daniel all the more Awesomely Romantical and I just love how she breaks it down to Daniel her love for him and the reason behind her taulima. The breathtaking scene that Lani provides at SamCo sounds like a dream and one I would like to see come to life.
