# Adobe Acrobat 6.0: Getting Professional Results From Your PDFs

## Synopsis

Harness the full power of Acrobat 6 Professional™s many features Create functional PDFs using the must-have PDF-creation tool, Acrobat 6 Professional. With guidance from Adobe Certified Expert Carl Young, you™ll tackle all Acrobat topics and become a pro. Start off with the basics for producing good PDFs, then get tips on maximizing Acrobat 6 Professional™s advanced capabilities--mark up and add comments in PDFs, create forms, customize PDFs using Acrobat JavaScript, create more than one PDF at a time using batch processing, and secure your PDFs. You™ll also discover how to make PDFs from Adobe, Corel, CAD, and Microsoft applications, plus QuarkXPress. Package multimedia elements such as movies and sound files into a PDF Create first-rate interactive PDFs that are searchable and can be indexed either on the web or on a CD Make PDFs for people with visual or reading disabilities Add and reply to comments, generate reports of comments, and import and integrate comments into Microsoft Word Create user-friendly PDFs from WordPerfect Secure PDFs for reliable and trustworthy interdepartmental and interagency communication Use the power of batch processing to process hundreds of files at a time Use prepress and built-in preflighting to create industry-standard PDF/Xs Navigate large CAD drawings, and print the drawings to scale Carl Young is President of DigiPub Solutions, the producer of the PDF Conference. He is an Adobe Certified Expert in Acrobat and FrameMaker, as well as a Certified Technical Trainer. Adobe selected him to run the first public Acrobat 6 training sessions at their worldwide launch of Acrobat 6.

## Customer Reviews

Every graphic designer should own this book! Designers constantly send PDFs that are waaaaay to big, or have missing fonts to my small marketing/prfirm. I may buy copies for every designer I work with.

Unlike many books in this category, Carl Young's book is not a rewrite of the Acrobat Help file. He lays out the most common mistakes creators of PDFs make, and then provides step-by-step solutions. Highly recommended.

I'm one of those people who buys every software book on the market. I've looked at lots of books on PDF. This is the best yet. It's practical and tells me how to avoid making the most common mistakes in creating a PDF. I wish the rest of my colleagues would read this.

This book was excellent and very informative. Mr. Young impeccably explains how to use PDFs to achieve the desired results of your product. I've often been confused on how to precisely use various PDF products, but with this book, I can now design my product the way I want it to look. This book is definitely a "must read"!
