## Customer Reviews

Bought it for our teen-aged granddaughter & gave her an monetary incentive to read it. The easy reading style of this (very) young man connected with our gal & opened her eyes to life beyond herself. Too many people need help & too few of us are thinking about it. It's time to make a change

in our lives and in the lives we touch. We can learn from each other. Zach is a great author.

I think this book should be in the stocking of every preteen and teen in the country. AND... it should be a part of the curriculum at every school. We should teach our next generation that they can and should make a difference. We are a nation founded on helping one another. But it's become a ME ME ME thing more and more. I think this book gives proof that we can make life better for those around us. In doing so it makes our lives happier and more satisfying! This is a MUST BUY book. We're never too old to learn how to help others!!

Inspiring! Wishing more young people would have such a positive impact on our world. Looking forward to his next book!

I got this book for my son after hearing about it on tv. My son is a very caring kid so I thought he would enjoy this book but after a few pages he stopped. He didn't like it and couldn't get into it.

This is a great book to encourage people to help change and heal the world. I really enjoyed the many examples on how to get started.
