ABC Dot-to-Dot

Synopsis

Fun-filled dot-to-dot puzzles help reinforce letters and ABC order. School Zone's Get Ready! workbooks focus on essential preschool and kindergarten skills. Colorful, humorous illustrations motivate children to keep exploring. In this ABC Dot-to-Dot workbook, 32 pages of puzzles help children practice alphabetical order while they discover pictures related to the seasons. Once they connect the dots correctly kids can reward themselves by coloring in the picture they helped create. Plus, dot-to-dots improve children's fine motor skills and eye-hand coordination. With a pencil or crayons, and perhaps just a bit of coaching from you, your child will practice important skills and exercise imagination.

Customer Reviews

My kids loved these. The patterns start out simple then advance to use more alphabet letters in the later part of the book. I would buy this again. To get more use, I put some on a sheet protector and gave the kids a dry erase marker. However, they wanted to write directly on the sheet after getting the hang of it.

The book is ok, not a lot of variety in the letters and not very many letters used passed the middle of the alphabet. Wish it had more variety,

My 5 year old likes these books. Nice colorful pages and he likes the designs. Good practice for learning and remembering alphabet order. I like this brand a lot. Have ordered many books from this series.

My 4 year old daughter really enjoyed this work book. This is a great way to learn ABC's by sight, not just reciting them. I would recommend this book for children who enjoy paperwork or for a "keep busy" activity when traveling.

My daughter loves these dot-to-dots. They are durable and compact to travel easily. We take them with us everywhere. And she is never upset or complaining that she has nothing fun to do, even while stuck in meetings with me. Thanks!

My grand kids love dot to dot books. It opens discussion on educational learning styles. I would recommend this item to friends and family

These books are very helpful for little ones who are learning to put numbers and letters in order. It is fun for them at the same time!

I purchased this for my grandson. He is learning his alphabets, and he loves to color. This helps in his learning and coloring.
