My Very Own Fairy Stories

Synopsis

From the creator and artist of Raggedy Ann and Andy, this delicately designed book was first published in 1917 by Voland Company of Chicago and has been restored to its original luster in this edition. Decorating each page are whimsical, jewel-like, full-color illustrations — among the most memorable examples of the "Sunbonnet" period of children's book illustrations from 1905-1920.

Book Information

Age Range: 3 - 6 years

Hardcover: 48 pages

Publisher: Clerisy Press (March 1, 2000)

Language: English

Customer Reviews

"The Rubbery Dubbery Smiles" was my favorite childhood story. Through a lifetime of moves the book in which it appears was lost. Imagine my surprise to find it now on Google and then . In its original format with original drawings, it is a feast of delight. Children of today might not love its sweet, gentle stories, but the Witch bringing her brew of smiles to a frowning world will always enchant me.

This is a treasured book from my childhood. I remember telling myself at an early age to keep this book to show my kids. Well I lost my copy and finally ordered it to read to my granddaughter. These stories teach morals and are timeless. I highly recommend it.

Be warned: The version of My Very Own Fairy Stories that has a cover photo of two books and a pen--this seems to be a xerox copy of a 1917 New York Library book. Thus, all the many

illustrations are in black and white and look repro blurry. If you are familiar with Johnny Gruelle's illustrations, you will know that this is a disaster. Much better to buy an old used version with Gruelle's beautiful and original color illustrations. I have no idea why this book was published.

This book, by the author of the Raggedy Ann and Andy series, is a delightful tome of stories appropriate for ages 5 and up. The term "fairy stories" is something of a misnomer, however, as no true fairies appear or even make cameos. Instead, these stories tend to take something from nature (e.g. The Ugly Caterpillar) or something from tradition (e.g. The Discontented King) and spin these people, animals or objects into a nice anecdote to read with your little ones. And the illustrations are gorgeous! Highly recommended if you like vintage kids books and stories.
