Seeing In The Spirit Made Simple (The Kingdom Of God Made Simple) (Volume 2)

Synopsis

Can Anyone See In The Spirit? Seeing in the Spirit Made Simple provides clear, simple, biblical instruction that will help you see into the invisible world of the spirit. It is the second book in The Kingdom of God Made Simple series; a self-study course designed to train believers how to live out the fullness of the life offered to us as heirs of God's kingdom. The predominant view in the church today holds that seeing in the spirit is a rare gift given to only a few special people, or an anointing we must seek. With the same straightforward, down-to-earth style used in Divine Healing Made Simple, the author holds this view up to the light of scripture, and suggests that it has no biblical basis. Rather than being a gift given by God to only a few people, seeing in the spirit is an innate ability we all possess, which lies undeveloped in most of us. Through prayer, training and exercise, this ability can be awakened and used by virtually anyone. The author provides Bible-based teaching along with dozens of testimonies and illustrations. There are also practical exercises at the end of the chapters to help develop your ability to see in the spirit. Praying Medic and his wife have only recently learned how to see in the spirit. Come along as they re-trace the path they've taken that has led them to see angels, demons and the heavenly realms. Whether you're a seasoned seer or a newbie, you'll learn from the experiences and insights they share. Not only will you develop better spiritual eyesight, but your relationship with God will grow too. Here's a Preview of What You'll Learn: Misconceptions and Myths About Seeing in the Spirit The Biblical Basis for Seeing in the Spirit The Nature of the Spiritual World Angelic Appearances The Word of Knowledge Working Creative Miracles Visiting the Heavenly Realms Dreams, Visions and Trances Interpreting Visual Revelation Motives for Seeing in the Spirit Seeing in the Spirit and Healing Seeing in the Spirit and Prophecy Seeing in the Spirit and Intercession Seeing in the Spirit and Deliverance Seeing in the Spirit and Spiritual Warfare Seeing in the Spirit and Emotional Healing How to Give a Prophetic Word From a Vision How to Know if What You're Seeing is From God

When I first learned that Praying Medic was writing the book *Seeing in the Spirit Made Simple*, I was very excited. I knew that if he covered this topic in the same way he covered *Divine Healing* that he would make spiritual sight accessible to many, many people. With clear instruction well supported by scripture, this book makes seeing in the spirit simple. The exercises in each chapter will help you to engage and develop as well as the numerous examples and testimonies. This is one of the best books written on the subject and I love the way he explains how spiritual sight can work with and enhance our gifts and callings. (healing, prophecy, deliverance, spiritual warfare etc.) Lots of real life examples to inspire and encourage you! I highly recommend this book!

I thank Michael van Vlymen who wrote an excellent book on the subject for introducing me to the Praying Medic book, "*Seeing in the Spirit made simple.*" We always hear from the gurus in the marketplace that clarity is power. Now this book brings so much clarity in the sense that it covers all aspects of seeing in the spirit, which gives us the power to start acting in the spirit. The chapter with regards to prophesy was for me so enlightening, since it was a area I was seeking understanding, and this book made it simple. For those that have the desire to See in the Spirit but need a so called "push and clarity" - this the book.

I loved the way Praying Medic took a subject sometimes hard to understand and made it understandable, relatable even. Loved the way visions were discussed and put underneath the umbrella of seeing in the spirit. The prophetic discussion was also needed and relevant and I loved the way it was tied in as well. This practical book will help you take something thought to be reserved for a few and drop it squarely into your life. You've probably been seeing into the spirit all along and this book will shine a spotlight on that fact. And it will help you grow as well. Get this one!

I just bought this book and am almost done with it.. It is hard to put down. I love it! It makes seeing

in the spirit so easy. I think it should be normal to see in the spirit and find it hard to believe that some Christian have a problem with believing its for today and for them!Author Robin BremerRaising the Dead, Angels, Supernatural Wine, & Other Normal Christian Experience

Having read Divine Healing Made Simple, there is no doubt in my mind that Praying Medic knows a bit how stuff works in the spirit realm. I have been more and more convinced that Western society has placed so much emphasis on the power of reason and logic, that we have lost sensitivity and skill in that other part of what we have: our spirit. God works so simple, through the laying on of hands, through pictures in the imagination, through a "pressing" and "knowing" in our spirit, through dreams. Most of these things we have learned to be suspicious of in our culture. However, the beauty is that every human being has this and this is how God has designed us. That's why every uneducated, simple person can get deep revelation and wisdom from God that the most educated person can fail to receive. This book relies heavily on the spirit-side, but, having only just starting out to discover these things, I found this book a step too far for me at this point. The main problem I have is that this book relies heavily on personal experience, whereby the connection with Scripture is frequently lost. I am not saying that these experiences can not be legit or that the church in Acts didn't have these same experiences. However, when PM talks about spiritual portals, letting others function "under his spiritual authority" etc, that's a bit to extra-scriptural for my taste. There is definitely some stuff in here for me to think about, but I also believe that everything should be validated by Scripture and some of things here simply can't be validated. "On the shelve" for now.

YES!!! This definitely sheds some light on areas that I have personally struggled with. I am glad to be able to call Praying Medic friend. He has offered insight and wisdom on this topic on many occasions. I am glad to see many of the things he has shared with me are in here as well. I know this will be a great tool to help people navigate through some interesting new waters.

There has been a lot of good information said about this book in the reviews on the first page of the book. I bought this book because the subject interests me but also because I read his book My Craziest Adventures With God - Volume 2: The Spiritual Journal of a Former Atheist Paramedic and thoroughly love the person Praying Medic seemed to be and his writing style . I have been having encounters with the spiritual realms for many years now and yet this author seems to explain how to have them better then I could as a writer. He has done an excellent job here. Buy the book! Oh on a further note. I forgot before. This book might ruffle a few feathers of the Seers out there as Praying

Medic says that you don't have to be a spiritual giant to see in the Spirit, and that anyone can learn to do it. Just like you don't have to be a prophet to prophesy and anyone can do it. This book is remarkable and now I don't have to teach people how to see in the Spirit I can simply refer them to this book! For a more extensive review see my Youtube Book review of this book mentioned by title. If you won't buy the book after watching that well, I tried my best!
