The Bare Facts: 39 Questions Your Parents Hope You Never Ask About Sex

Synopsis

Sex is everywhere. And misunderstandings about it are even more pervasive. Whether you have questions of your own and don't know who to ask, or you are being asked questions and don't know where to turn this small book has the answers. Bestselling author and speaker, Josh McDowell believes that no question is off limits and that knowledge, not ignorance, is the key to youthful purity and a fulfilling marriage and family. This book builds on that approach with relevant, pertinent statistics, entertaining anecdotes, and real stories. This little book will be a very practical tool in the hands of anyone who is struggling, anyone who is curious, anyone who is nervous about asking a "dumb question," and most importantly, anyone who desires to learn how to honor God with his or her body. The Bible is clear on a lot of these issues and Josh's candor (and respect for young people) shines through as he shares these truths about sex. Much like Josh's apologetics books, this book will help equip a skeptical generation with the facts they are sorely missing.

Book Information

Paperback: 128 pages

Publisher: Moody Publishers; 1 edition (July 1, 2011)

Language: English

ISBN-10: 0802402550

ISBN-13: 978-0802402554

Product Dimensions: 5 x 0.3 x 7 inches

Customer Reviews

Just the Facts As Joe Friday always said, just the facts. The book addresses 39 questions over the course of 126 pages. It is a reasonably quick read cover to cover. It is broken up into 6 sections by study questions, which are included at the end of the book. There are no pictures, but the publishers do use typography to set apart specific quotes, similar to the way a newspaper or magazine does. The book says "no question is off limits" and does deal with almost everything I've tried to answer

for my students. It talks about abstinence, purity, and love. Often as far as any Christian book on the subject goes. It also discusses the real facts on STDs and "safe sex" as well as the emotional and mental response to sex, not just the physical. It even addresses anal/oral sex and other sexual practices commonly used to "preserve virginity" today and pornography and masturbation. I think the only thing not really covered is same sex attraction. High Marks: I have to give praise that they address some topics that I haven't found much Christian writing on. I also like the way the book is broken up into chapters based on the questions. It makes it much easier to find specific answers. Curious what the most common STD is? Try the chapter "What is the most common STD?" It is also very important that the book uses frank and specific terminology. It doesn't talk about weewees or hoohoos. This isn't a "sex ed" type book, but they address real information factually. The discussion questions seem to be pretty solid, and are open ended, meaning better group discussion. The questions are formed like "In your opinion, who pays the highest price when sexual activity is not saved till marriage?"
