I don't know enough about the subject matter to make a qualified expert decision one way or the other, but here are some quotes to get you started:"An example of a method used in demonic healing would be acupuncture." "The devil is a [n-word]!" [this could easily be taken out of context, so

read the accompanying paragraph before judging]Anxiety: "This spirit walks hand in hand with the spirit of fear, intimidation, and uncertainty."Bashfulness "puts a demonic tourniquet around an individual's life."Constant lack of sleep will cause a person to become weary physically, mentally, and spiritually, leaving him vulnerable to demonic attack."A spirit of introversion would certainly hinder a person from fulfilling the will of God."Mind-binding spirits such as the octopus, python, and spider spirits may wrap themselves around the head and cause migraines."Closed heaven refers to when a person lives under circumstances where heaven is not open over them. This can be caused by not tithing, or when other second-heaven activity has caused a stoppage of the flow of the things of God from the third heaven to the person abiding under the curse."A list of every phobia and sexual paraphilia you have ever heard of, plus a number you probably never even imaginedPlus lots of information about different world belief systems. I don't know what to make of all of it.

This is the 2nd Volume, a continuation of identifying the strongman opposing your and others lives, and his demonic symbols. A must have In your library.

The information in this book is very informative and backed by bible scriptures.

I found the material to be rather weak. Probably wouldn't be much help for those seasoned in spiritual warfare/deliverance.

Very informative on the subject of unexplained cultural expose. Nice read, finished it a short period of time. Will likely purchase more of Kimberly books at a later date.

Great reference on names and descriptions of forces and activities that you may experience in life or ministry to others. Provides understanding to fuel your prayers as you wrestle in the realm of the Spirit to bring answers to your prayers for your everyday life as a believer.Reviewed by the author of Your Legacy Voice Prelude to Your Breakthrough. Very necessary weapon of warfare. Austin have tool for every spirit filled believer

Half the book was on mythology and not exposing demons. I felt like I was in my mythology lecture. Half of this stuff I could have read online and saved myself money.
