## Customer Reviews

Loved the preview, seems like there are a number of stories in each part. I hope it will be available in hardcover soon. I want it for my kid to read herself. I do not have a Kindle and even if I would have, I like my child to experience the "real book" first before coming to digital world.

It is a great book. Something I was looking for my 10 y/o son. He likes reading a story at bedtime. I wanted him to know more about Islamic history. He is very happy.

The stories are short and sweet, with moral lessons. I am not done with it, my kids love it. If you are

looking to buy a book to tell short stories to kids, this is it.Thank You,

Please continue writing more of these stories I finished it within an hour and I still would like more stories!

Nice book, but I did not like the story with spankings. There were some spelling mistakes. All in all, great book!
