Susanna did an awesome job on this book and it kept me intrigued throughout. Her ability to weave in multiple perspectives (voices) in the story very well. It is very suspenseful with many twists and turns and she is a master at keeping the reader on the hook. This is the first Christian Fiction book that I have read and it makes me want to read more. I love how she used the main character's faith in God that helped her remain positive that she would some day be rescued! You will LOVE this book!

Wow---this book had me on the edge of my seat!! I loved how the author emphasizes one's faith to conquer the hardest battles! The twists and turns and excitement were amazing---if you love a good thriller, this is the book for you.

A super read and thoroughly enjoyable. A great plot (very relevant themes), complex characters, full of suspense !I'd recommend this novel to anyone that enjoys modern day thrillers. My congratulations Ms Seigler. A great book.

This is a great mystery with plot twists and suspense. It is Christian Fiction, but I agree, it is not preachy. Great writing of very complex characters. And Suzanna does a wonderful job of bringing in multiple points of view. This book is engaging and hard to put down. Nice job Suzanna. I look forward to your next book.

It took me s while to get the hang of this story because it seemed so disjointed. But I finally got the connection. I wasn't sure I liked it to start with, but it turned out to be a very good story. I'm not sure I enjoy working so hard at understanding where a story is going, but it turned out with sticking with it.

Susanna's book is everything an avid fan of mysteries could want: thrills and plot twists. I read a lot of mystery novels but none of them are full of suspense and written with a bent towards Godly values. If you love a good mystery, I bet you are like me and can't wait for more from Susanna!

The story is full of plot twists and suspense. It was hard to put down. It brings Christian values without being preachy. I can't wait for Susanna's next book.

I'm sure this author has promise, and this is a proofreading or editing issue also, but at this stage I would not recommend this particular book. The numerous spelling errors, transposed words, and incorrect synonyms were distracting. The plot was very predictable. I found myself skipping over large portions of the writing to avoid the previously mentioned distractions. I continued reading because once started I hate not to finish a book.
