Cowboy Small (Lois Lenski Books)

Synopsis

Cowboy Small takes good care of his horse, Cactus. In return, Cactus helps Cowboy Small get work done on the range. Together they round up cattle for branding and live the good life. At night, Cowboy Small eats at the chuck wagon, sings with his friends, and sleeps under the stars.

Book Information

Series: Lois Lenski Books

Board book: 32 pages

Publisher: Random House Books for Young Readers (October 24, 2006)

Language: English

ISBN-10: 0375835709

ISBN-13: 978-0375835704

Product Dimensions: 6 x 0.8 x 6 inches

Shipping Weight: 7.2 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (97 customer reviews)

Best Sellers Rank: #22,301 in Books (See Top 100 in Books) #20 in [Books > Children's Books > Literature & Fiction > Historical Fiction > United States > Westerns](#) #413 in [Books > Children's Books > Classics](#)

Age Range: 2 - 3 years

Grade Level: Preschool and up

Customer Reviews

My 3-year old got this book for Christmas. He was so taken with it that (of course) we had to read it four times in a row before bed. Then he had to take his stick horse to bed with him in a sleeping bag (or his bedroll, as Cowboy Small would say) and lie on the floor to "look at the stars." The words are simple and the pictures are wonderful. A great book for any little cowboy or cowgirl.

This is a classic book that our almost 3 year old daughter loves to look at again and again. She has learned many new words (curry, saddle, spurs, saddlehorn, etc.), has memorized most of the text, and is very attached to anything related to horses. The text is simple, the illustrations are wonderful, and the story is charming. Our daughter has lots of books and this is one that she seeks out from among all the others in her bookshelf. You'll love it too.

My 2-year old son and I just checked "Cowboy Small" out of the library. Couldn't believe my luck in

finding this book! This is the first story book that's held my son's interest past the first few pages and all the way to the end and back again, and I mean backwards through every page. My son is into horses in a big way right now and one of his favorite movies is "The Cowboys" with John Wayne and Bruce Dern. (A few bad parts we skip through.) Amazingly, the book and movie are very similar in many aspects: chuck wagon, sleeping out, campfire, cattle drive/roundup, playing guitar, and breaking a horse in a round pen with the cowboys sitting on the top rail -- right out of the movie! Lois Lenski's a national treasure. Why didn't I know about him before? And where are the greeting cards and window valances and sheets? Half joking here, but I wouldn't mind getting my son some Cowboy Small sheets when he moves to a big-boy bed. ;)

... and they didn't do a very good job of it! My son and I have read an older (from the 90s) version of the book and loved it. So I purchased the newest board book version- and they've really changed it. The story has been shortened: no bedroll, no fixing the fence, no branding. And the language has been dumbed down, too- no currying, for example. Too bad! I'll be giving away the new version and buying an older, used one instead! I'd recommend any other Mr. Small fans do the same.

Our 1.5-year-old daughter was riding on her dad's back like a cowgirl one day and took a little tumble off. She began to cry. I said, "Kerplow! Cowboy Small hits the dust! But, he's a pretty good cowboy after all..." and she was all smiles. That was more than three years ago, and this book has been one of the few steady books on our (very full, always rotating) bookshelf ever since. We now have three children, ages 5, 3, and 1, and they all still enjoy it. The oldest doesn't pick it out on her own anymore, but the others still do, and the oldest doesn't object. It is really one of those books that is completely wholesome, entertaining, interesting, and educational. I would get it for children between about 18 months and 3 years in particular. We really love this book. We checked it out from the library at least six times, for two months at a time each time, before I finally realized that this one had staying power and I might as well finally buy it! I've read a few other Lois Lenski books and I think this one is by far the best. If your little one only had ten books to read every day for a year, I would include this one. And I still enjoy it after a few years of frequent reading, so that's saying something too! If you're looking to buy it as a gift, I may as well add, the price never drops down on this, and I haven't been able to find it cheaper anywhere else, unfortunately.

Great book, my son loves cactus. The grammar is a bit off and you have to add a few words but he likes reading it with me and pointing out the animals. He also likes the song in the middle of the

book. Good book

A cute, very simple little book, perfect for my 3 year old nephew who loves dramatic role-play. Gave him this book along with a cowboy dress-up set so that he would realize some "jobs" a cowboy does and hopefully avoid the "gun" scenarios. It seems to have worked. There is not really much of a story line and illustrations are colourful but basic but it served its purpose.

Our great-grandbaby loves Cowboy Small. He is only one but he enjoys this book so much and I am so pleased. He giggles when I read it to him and he loves to look at the pictures. I, too, love Lois Lenski's art work as well as her stories. She made me happy as a child and continues to make children happy. Cowboy Small is a keeper at our house.
