Marvel Masterworks Vol. 4: The Amazing Spider-Man, No. 31-40

Synopsis

One of Marvel Comics most recognizable and best-loved superheroes, Spider-Man appears in three comic books with a monthly circulation of over one million, is syndicated in over 500 newspapers, with a readership of over 100 million, and was the star of 2002's biggest box-office smash (starring Tobey Maguire as the wall-crawling Peter Parker).

Paperback: 224 pages

Publisher: Barne's & Noble; 1st edition (2004)

Language: English

ISBN-10: 0760763038

ISBN-13: 978-0760763032

Product Dimensions: 9.9 x 7 x 0.5 inches

Shipping Weight: 1.1 pounds

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (142 customer reviews)

Best Sellers Rank: #580,091 in Books (See Top 100 in Books) #507 in [Books > Comics & Graphic Novels > Comic Books](#) #2542 in [Books > Comics & Graphic Novels > Publishers > Marvel](#)

Customer Reviews

So...let me get a few things right out there to begin with. One...I'm a card-carrying Spidey fan. Flash Thompson has nothing on me. I have purchased these issues over several decades in every iteration from the original comics to reprint comics to hardcovers to this new compilation. There is original Spider-Man art in my office. I have a Christmas Spider-Man sweat shirt. This is a HUGELY biased review. Two...I love these Epic Collections. Having to sell my entire comic collection (except, of course, my Spider-Mans) a few years ago, these books are just the things to ease my loss-of-my-childhood pain. I eagerly await the release of each new volume. Three...I re-read these first 18 issues this time across THREE different collections...the recent Marvel Masterwork re-release, the massive Omnibus from 2007, and this book...in order to compare the reproductions and presentations. I'm THAT guy, if it wasn't ridiculously obvious. This Epic Collection appears to be generated from the same remasters (to copy a term from the audiophile community) that were used in the recent Masterwork, the one found in the splendid 75th Anniversary Box Set. They are slightly different from the ones used in the Omnibus. The colors here are bold, and inks are crisp. The tome itself uses expensive-feeling paper, heftier than your average magazine stock, and miles better than

pulpy newsprint (although I LOVE that smell of pulpy newsprint). See? I'm THAT guy. I have issues. No pun intended. From a technical perspective, this is a no-brainer. A thick slab of Spider-canon....heck, the Ten Commandments and Bill of Rights of the Spider-Canon...solidly put together in a quality softcover, for an impossibly reasonable price.
