## Customer Reviews

Having read through it I decided to give it a try. Why not, it was so simple and hardly took any time to do, unlike magical conjurations and such - and much safer too. To keep it short, I now have a job and cured a liver problem, backache and an eye problem. When I say I cured.....I didn't do anything!!! It just happened!! Give it a try - I'm sure you'll find something in it for you.

Even the text are printed very clear. But the most important, the seals are printed in a very vague way. many details in the seals are not photocopied well. I can only give 3 stars maximum. :/

Unfortunately, this book is not a revision or improvement of the original sixth and seventh books of Moses as originally translated. It is an improvement on the De Laurence edition only because it has better type setting. It has no proper scholarly attributions nor are the seals corrected. For someone who is the least bit familiar with this magical work, it is not worth the money.

Good Book recommend to all.Prompt delivery. Thanks.

Positive experiences.
