This book explains, in detail, how the feasts of the Jewish calendar are covenants with God, and how they belong to believers in Christ as well.No kidding- It will change your life - for the better!

If you are at a point in your christian walk where you have said enough is enough, I highly recommend this book to you. This book will open your eyes to a greater awareness of who God is. Be prepared and open to allow Him to reconstruct your thoughts and to tear down tradition. Your life will never be the same.

Describes the first church in operation and how Christians have abandoned much of the richness that was present without any attempt at converting between Christianity and Judaism. Reveals the significant amount of paganism that was introduced in the fourth century that was and is accepted as doctrine.I believe this is a must read for everyone who is a Bible teacher or student and is hungry to move beyond the broth and milk that is typically available at Christian bookstores. I think I have purchased over ten of these, and either given them to pastors and Bible study teachers (predominantly), or loaned them out only to have them never return.Highly recommend. Heidler also

wrote "Experiencing the Holy Spirit" that is another great resource.

Loved this book!!!! I was so impressed with the amount of history that went into this work- it really built a wonderful foundation for the truth that we engage into today in the church! Being adopted myself, I understand the simple principles that you ENGAGE IN THE TRADITIONS THAT YOUR ADOPTED FAMILY HAS AND THEY BECOME YOUR OWN!!! Blessings~

This book was not written with any force or malice but rather a gentle blowing away of the leaves that have covered our roots of faith for many years. I must read for all who are curious to find out how the church got here...from there.

Great book, this is a must read for those seeking the truth on how the christian church came to be as it is today. You will also learn how we once had healing and miracles like what you read about in the bible and how it came to be that we lost it. God didn't change, we did. I have started living a life more to the way God intended for me to live and I can already see that my life is changing with favor for me. God is good all the time.

This book contains lots of information about the early Christian church that we normally are not presented with. The transformation of that church from mostly Jewish observation and activities to our present Christian observations is pretty extreme. The book presents pretty convincing evidence of the transformation and reasons for a reconnection to our Jewish roots.
