Odin's Ravens (The Blackwell Pages Book 2)

Synopsis

Seven kids, Thor's hammer, and a whole lot of Valkyries are the only things standing against the end of the world. When thirteen-year-olds Matt Thorsen and Fen and Laurie Brekke, modern-day descendants of Thor and Loki, discovered they were fated to take the places of the Norse gods in an epic battle against the apocalypse, they thought they knew how things would play out. Gather the descendants standing in for the gods, defeat a giant serpent, and save the world. No problem, right? But the descendants' journey grinds to a halt when their friend and descendant Baldwin is poisoned and killed and Matt, Fen, and Laurie must travel to the Underworld in the hopes of saving him. That's only their first stop on their journey to reunite the challengers, find Thor's hammer, and save humanity--a journey filled with enough tooth-and-nail battles and colossal monsters to make Matt and his friends a legend in their own right. Perfect for fans of ancient myths and filled with young heroes, monstrous beasts, and godly enemies, this fast-paced adventure is impossible to put down.

Customer Reviews

After reading the first novel in the book series The Blackwell Pages, Loki's Wolves by authors K.L. Armstrong and M.A. Marr "I couldn't wait to read the next installment in the series. Odin's Ravens was intense, awesome and tons of Norse mythology as main characters Fen, Laurie and Matt try to stop the ensuing end of the world, Ragnarok. I wasn't really sure what to expect from the novel, especially since Loki's Wolves held a lot of surprise twists and turns that I didn't see coming. In Odin's Ravens takes place right after where Loki's Wolves left off. Fen, Laurie and Matt have all headed straight to Helen's realm, the land of the dead, to get their friend Baldwin back in hopes of re-writing the sequence of myths and stop Ragnarok from coming. Heading into Helen's realm, the trio faces threats they've never faced before, like two-headed jotuns, zombies and evil zombie kings who will stop at nothing to thwart Matt's plans. However as their adventure continues, Matt and the cousins find new allies, old friends and Valkyries all ready for the end of days to arrive. What the trio doesn't expect are for old faces to make reappearances, secrets to be revealed and a choice to be made for when Ragnarok arrives. Odin's Ravens has messed me up. And I mean that in a really good way. The entire time I spent reading can be broken up like this: I was either a) On the edge of my seat, hoping that nothing went wrong b) freaking out because the possibility of something going wrong was very real or c) something wrong would happen and I had no idea how Matt, Laurie and Fen would go about fixing it. Odin's Ravens is written in a way that will leave readers not only intrigued but also unsure of what will come next, with twists and turns just waiting to reveal themselves.
