Customer Reviews

Our oldest daughter turned 12 and it was like she changed overnight. We were wondering what was going on and we found this book. While written for teens, my husband and I loved reading this! We gave it to our daughter and she is constantly coming up to tell us what she read next in the book. Each "chapter" is just 1-2 pages. It is a quick, easy and humorous read and really gives you and your kids insights to the teen years. We want to buy the other books in this series now!
